

Student Financial Aid 2012-13

Institution: University of North Carolina at Chapel Hill

Overview

IPEDS Student Financial Aid Component Overview Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

Changes to This Year's SFA Component

- Only one year of data will be collected for existing institutions. New institutions will need to report multiple years of data. Changes to prior years of data must be made in the Prior Year Revision System.
- SFA is now part of the Winter collection. The Winter collection will close for keyholders on February 6, 2013.
- In Part E (data for Group 4), Column 2 has been revised for clarity. It now more clearly matches with the data in Column 3.

Data Reporting Reminders

Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Summary

IPEDS Student Financial Aid (SFA) Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2013.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Upload File	The average amount of this type of aid awarded to Group 2 students (9,902) is outside the expected range of between 6,357 and 9,535 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and fix or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	UNC is an institution that, generally, meets the financial need of students. As costs increase, in the absence of increases in state or federal sources, Institutional Grants will then increase at a rate that is disproportionate to other sources. Costs increased yet the average combined State/Federal grant decreased by \$1,010. The increase in Institutional Grants of \$1,956 was caused by the decrease in State/Federal support combined with a \$1,025 increase in the cost of attendance on this IPEDS report. Further, the University offset this year's losses from state and federal grant programs by increasing institutional grant allocation.

Upload File	The total number of Group 4 students who were awarded any grant aid across all income levels (1,108) is outside of the expected range of between 499 and 831 based on the prior year value. Please fix your data or explain the discrepancy. (Error #7334)	Explanation	Yes	
Reason:	The 2011-12 total (1,108) in "Col. 2" includes the "Number of Group 4 students who were awarded any grant or scholarship aid from the following sources: the federal government, the state/local government, or the institution." That number is being compared to the total of "Col. 2" from the 2010-11 survey (665), but Col. 2 last year included the "Number of Group 4 students who were awarded any Title IV grant aid." The 2010-11 number is a for a less inclusive group which explains why our 2011-12 number is larger.
